

To Whom It May Concern:

This is a letter of testimonial to the outstanding quality built homes by Matco Builders and Developers, and its owner Marco Mattioli. My wife and I recently completed our first ever-building experience with Matco, and we are very pleased with the end results. We are extremely happy with our new spacious living home, which will be able to accommodate our young growing family for many years to come.

We chose Matco after an extensive investigation of work by several other builders. We ultimately chose Matco for their quality and outstanding value. In addition, we found that several other builders considered, several standard features on Matco built houses, to be upgrades. For us, standard features such as ceramic tile floors and high-quality oak kitchen cabinets have added an upscale look to our home, while maintaining our construction budget. I challenge anyone to find a better value for a quality built home.

Marco Mattioli enabled us to be in active communication throughout our home's construction. Furthermore, he provided us enough flexibility to make any minor modifications that were necessary to ensure our satisfaction. Overall, we found Mr. Mattioli to be an upstanding businessman, who still values the importance of customer service and satisfaction.

I hope that you, too, will have the opportunity to enjoy a Matco-built home.

Sincerely,
